“ I am deeply saddened to hear about Dan's passing. I had the pleasure to work with Dan for a few years and he was always a great person. He was kind and patient. I pray he gets the eternal rest he deserves. I pray his family and close friends find solace in the memories instead of pain and sadness. The world is a lesser place without Dan, but an angel surely did receive their wings.

“ So shocked and saddened to hear this news. Dan and I were in the same friend group in high school and his wife and I were best friends. I remember Dan as always being calm, cool and collected. Nothing rattled him. He was also super smart and funny.

“ Dear Jackie and Family, I am so very sorry for the passing of Danny! He was a good friend of my son Eric. He was always very nice and smart! May his memories be a blessing!

“ When I moved on from Tier 1, I did side-by-sides with Dan as my trainer. He was very thorough and knowledgeable, he wanted me to focus on the quality and not the quantity. Eventually, when he came back as my supervisor, I really appreciated, his competency and his willingness to talk you thru errors, never getting overly excited when something was handled incorrectly and always looking out for his team. He was a value to our team and to Comcast.
My heart goes out to his wife, mom, brother and nieces.

PS Will also miss talking Mets/Phillies with him.

“ Dan will be missed!!! I am so sad to hear about his passing. He was always such a huge help. He would go out of his way to solve any problem and offer words of wisdom. He was so kind and always stopped by my desk each night just to say goodbye. My condolences to his family.

“ Dan was a great friend during my time in NE Philadelphia. We were in school together from Kindergarten through senior year of high school. Our birthdays are a day apart in January so that was fun. I remember playing video games at his house, going on cub/boy scout camping trips and walking home from school. He had the Phillie Phanatic come to his Bar Mitzvah. My deepest sympathies to his Mom and brother.

“ Dan was one of the most honest and trustworthy supervisors that I have ever known. I left Comcast two months ago and everything that he taught me; such as being more organized, being more punctual, I took to my new job. Dan you will be missed. I still can't believe this has happened.

“ Danny was the sweetest loving gentleman. He was my nephew, and the sudden and tragic loss of this kind soul is unfathomable. May his memory be a blessing to all who knew him.

“ Dan was such a good guy and would help anyone in a heartbeat. I am going to miss his emails when I submitted the wrong info or something, I drove him crazy lol. Dan knew his stuff and was so good at his job. Going to miss you rest well Dan

“ I sat next to Dan back in my Tier 1 days, and he was always very wise and extremely willing to take the time to explain or teach you anything. It was an honor to have a second chance to work with him directly after he took the supervisor post. He was always a pleasure to talk with, we shared plenty of laughs and jokes, and it was a delight to have known Dan for the last 8 years. I am praying for his whole family, and offer my condolences. May you find peace in these times.

Miss you already, buddy.

“ My dear sweet Danny. The consummate Mensch...our lives are already diminished without you.

Dear Katalin, may you find some comfort in your wonderful memories of thirty years together. You are the love of his life.

“ I have worked at Comcast for nearly 9 years. Daniel has always been kind and supportive. Always available when I was uncertain about a direction I was taking or concern I had.

An amazing person who genuinely cared about his family, coworkers, truly anyone, he was there helping and supporting everyone.

Much love to his family in this trying time.

“ When Dan and I worked together, he always made it a point to say hello and goodbye, ask questions about a recent conversation topic, and to see how I was doing. After changing teams, I didn't see him as much, but Dan kept in touch, sending regular messages on my birthday and emails about the goings on. I am always so happy to see his name pop up, because of how great he makes me feel whenever we chatted. I looked forward to the time we would spend together, and know that I was never alone in feeling that way. The impact of Dan's time with us is immeasurable as is my sorrow having heard the news of his passing. To all of the hearts which are now feeling this loss, please understand you are not alone. Dan was a gift to us all and I will cherish the time we had.
