“ I worked with her at Richard Hall. She was an over confident pain in the ass.

“ The past 8 plus years of my life revolved around time spent with Jeanne. Her smile would light up a room and her positive outlook on things was infectious on all those around her. She was so courageous fighting the cancer the last two years of her life. Losing her leaves not just a big hole in my life but in the world around her. I will love her forever.

My Dear Cousin:

You were always willing to help me understand.

You loved to teach everyone and anyone.

You always saw the bright side of things.

You appreciated any help that was offered.

I was grateful when you said I was your Guardian Angel when I helped you in your time of need.

May you be resting in peace; I will miss you very much.

With Sadness

Joanne
