Comments

“ I cannot begin to express my condolences to the family. Steve was truly a good guy. I worked with him on the railroad and also spent a great amount of time with him outside of work too. I considered him a good friend and I know how good of a father he was too.

We used to ride to work together and it often involved trips to Wellens Street ! His daughter was everything to him and I can only imagine his grandchildren were as well.

I am very sorry to hear this sad news.

We lost touch over the years and I really regret that. I hope that the family can find peace in this terrible time.

Sincerely, Sean Gerie

“ Steve will be so missed here at BP. He was a thoughtful and kind coworker who always got the job done with a positive attitude.

His sense of humor, which he often shared, always brought a smile to my face.

We were so sorry for the suffering he had to endure and do now pray, knowing he is at complete peace, for his daughter and grandchildren.

“ I had the pleasure of working with Steve the past few years at the BP Lubricants, USA facility in Warminster, PA. Steve was an excellent professional and although quiet in nature was very personable. He had a smile for everyone and never seemed to be flustered. Steve worked tirelessly and set a positive example for his peers. I enjoyed our brief time together and I know he will be missed. My condolences to his family for his loss. He will no longer feel the pain. My thoughts are with you at this sad time. I have heard it said that: '... a person is not really gone until the last person who remembers them is gone...'. So - I will remember him until I can no longer. I hope doing the same may lessen your grief. Bob Donovan.
